CHAI DEFENSE

PEACE THROUGH STRENGTH

ABOUT US:

MISSION STATEMENT:

Chai Defense is a 501(c)(3) nonprofit organization that unites the Jewish community under "Am Echad" (One Nation) promoting peace through self-defense education. We empower individuals to protect themselves and their community, fostering resilience and ending victimhood.

OVERVIEW:

Chai Defense is committed to addressing the security concerns faced by the global Jewish community. To achieve our goals, we have forged partnerships with highly qualified Krav Maga and security professionals who lead our self-defense classes. These classes not only serve as a means of improving physical fitness, but also as a crucial step towards fortifying the safety of Jewish individuals and families. It is our firm belief that through empowerment, education and self-defense, we can enhance the security of the community. The funds raised for our organization, help those who may lack the resources needed to participate in our programs.
